- QONTO is the Leading European Business Finance Solution.

It simplifies everything from everyday Banking and Financing to Bookkeeping and Spend Management. With its Fast and Innovative Product, Highly Responsive Customer Service and Transparent Prices, Qonto energizes SMEs and Freelancers so that they can achieve more. Founded in 2017 by Alexandre Prot and Steve Anavi, Qonto has raised €622M from Investors including Valar, Alven, the European Investment Bank, Tencent, DST Global, Tiger Global, TCV, Alkeon, Eurazeo, KKR, Insight Partners, Exor Seeds and Gaingels.

- Their Raison D'Être

Qonto was born out of frustration. As Alexandre and Steve were building their first Company together, they felt bogged down by their own Banking Experience. It was time-consuming. It was complex. It also lacked the Modern Tools that Progressive Companies need.

So, they decided to create a Banking Product they would've loved as Entrepreneurs. One that when you use it, just seems to "click". Their ambition is crystal clear: they want to build the Best Business Finance Solution. By harnessing Technology and Design. And by offering Fair and Transparent Pricing.

No more waiting in line. As little Paperwork as possible. First-Class Customer Support. They are driven by their Desire to save Customers Time. Time that they can reclaim for forging their Own Future. And that’s something they think is Pretty Valuable.

* Think Business Banking. But Faster.
* Business Finance Management. Made Easy.
* Making Life Easier for Entrepreneurs.
